VIVIAN SIBANDA

Aspiring Data Scientist | Statistics & Microbiology, University of the Free State
Bloemfontein, South Africa | +27 62 161 5889 | viviansb3@gmail.com
LinkedIn: click link

PROFESSIONAL SUMMARY

Completed Bachelor of Science student (Statistics & Microbiology, University of the Free State) with a strong analytical foundation in statistical modelling, data visualization, forecasting, and quantitative research. Skilled in Python and R for data analysis, and in ArcGIS for spatial/geospatial data analysis and mapping. Experienced analysing datasets through academic coursework and tutoring, with a growing interest in machine learning and predictive analytics. Seeking Data Analyst / Junior Data Scientist opportunities where statistical rigor and programming skills can drive data-informed decisions.

TECHNICAL SKILLS

- Programming & Analysis: Python , R, SQL
- Geospatial: ArcGIS (spatial analysis, mapping, geoprocessing)
- BI & Visualization: Power BI, Excel (Advanced)
- Statistics & Modelling: Regression Analysis, Time Series Analysis, Forecasting, Sampling, Hypothesis Testing, Statistical Modelling
- Data Handling: Data Cleaning, Data Wrangling, Exploratory Data Analysis (EDA), Dashboard Reporting
- Sampling strategies (Survey design)
- Core Skills: Communication, Problem Solving, Leadership

EDUCATION

Bachelor of Science — Statistics & Microbiology | University of the Free State *(2023 – 2025)*

BSc Honours — Applied statistics | University of the Free State *(2026)*

Relevant coursework: Statistical Inference, Regression Analysis, Time Series Analysis (GARCH models & control charts), Sampling Theory, Experimental Design, Biostatistics.

Cambridge International Examination Certificate | Ridgefield Academy *(2022)*

EXPERIENCE

Statistics & Mathematics Tutor | University of the Free State

- Tutored Biostatistics and Calculus to undergraduate students.
- Explained regression, hypothesis testing, sampling, and probability concepts.
- Assisted students with statistical software and quantitative analysis techniques.

Mathematics & Science Tutor

- Delivered Mathematics, Biology, and Computer Science tutoring.
- Used data-driven methods to track and report learner performance.

Bookshop Sales Assistant

- Managed inventory and sales records.
- Delivered customer service and maintained accurate records.

Barista (Part-time)

- Worked in a fast-paced customer service environment.

DATA SCIENCE & ANALYTICS PROJECTS

- Regression modelling and statistical analysis in R. (S&P forecasting, Cointegration)
- Exploratory Data Analysis (EDA) on real-world datasets using Python and R. (Mortality Modelling)
- Time series forecasting and GARCH model comparison.
- Geospatial data analysis and mapping using ArcGIS.
- Data visualisation using Python, R, and Excel.
- Sampling design and survey data analysis.

LEADERSHIP & VOLUNTEERING

Community outreach volunteer and academic mentor.

LANGUAGES

English, Sesotho, isiXhosa, isiZulu, & Shona
